Chief Internal Auditor ,
GovTech Srilanka

GET THE LAPTOPS TO MINISTRY

We write to formally submit a procurement request for critical office and technical infrastructure upgrades required to maintain operational efficiency within our department. The current equipment has reached its optimal lifecycle utility, resulting in frequent disruptions and system latency. In alignment with the national digital transition directives, we propose the acquisition of modernized workstations and secure network hardware. Detailed technical specifications and budgetary estimates have been compiled in accordance with standard procurement guidelines. We request your authorization to initiate the formal bidding and selection process. We look forward to your guidance and prompt approval to proceed with this essential modernization initiative.
